

Performance Marketing Diagnostic Checklist

Twenty evidence-led questions to find where budget, measurement and decision-making are leaking value.

1. Commercial truth and unit economics

- ☐ Is there one approved primary commercial outcome for marketing?
- ☐ Do you know contribution margin, not only top-line revenue?
- ☐ Can you calculate customer acquisition cost using confirmed customers?
- ☐ Are payback period and lead quality visible alongside media efficiency?

2. Measurement and signal quality

- ☐ Can spend, tracked conversions and confirmed outcomes be reconciled?
- ☐ Do teams and agencies follow one governed UTM and naming structure?
- ☐ Are consent, event firing, parameters and duplicate events checked routinely?
- ☐ Does the platform optimise towards a qualified outcome, not only a form submit?

3. Budget and channel allocation

- ☐ Can you see CAC and contribution ROAS by channel, plus blended MER?
- ☐ Are brand and non-brand results separated before budget decisions are made?
- ☐ Could you show which budget you would protect or cut if spend changed by 20%?
- ☐ Is allocation based on current marginal evidence rather than last year's plan?

4. Journey, creative and testing

- ☐ Do you know the first material drop-off between click, lead, sale and repeat value?
- ☐ Is lead quality fed back from sales or CRM into marketing decisions?
- ☐ Does each material test start with a hypothesis, sample plan and stopping rule?
- ☐ Can creative, offer and landing-page effects be separated from channel effects?

5. Governance and decision cadence

- ☐ Can leadership understand outcome, confidence and next action in five minutes?
- ☐ Is one named person accountable for measurement quality and efficiency?
- ☐ Are agency incentives and targets linked to commercial outcomes?
- ☐ Does each review end with an owner, deadline and expected financial effect?

HOW TO USE YOUR ANSWERS

Mark every No or Not sure. Circle any gap that affects spend, revenue, conversion quality or ownership; validate those controls first and turn the top three into a 30-day action plan.

Faisal Mahmud

FRACTIONAL MARKETING DIRECTOR

I help leadership teams find the evidence behind performance leaks, then fix the few issues that move the commercial number.
